FACTS

The top office and emergency room costs. Doctors' fees have grown enough to make it hard to get the care you need.

Some people may choose to see their doctor in an emergency room. We've broken down the costs of emergency, urgent care, and hospital care.

On-site care is available from 8:00 AM to 8:00 PM.

- Home Hospital Fee from \$200 to \$750
- Radiology fees for interpretation of each visit
- Consultation fees and ER doctors fees from \$75 to \$150

Waiting time at ER varies per area, mostly for evening and weekend. 1-3 hours.

Doctors' fees include call to visit to ensure location, insurance, equipment, treatment, and care. Information for testing, x-ray, diagnosis, etc.

Board Certified Pediatrician, EMT, EMT-Paramedic, Pediatric Nurse, RN, RCP, Certified Pediatric Nurse, EMT, EMT-Paramedic.

MOBILE X-RAY SERVICE

MediCare
MediShare

MediShare.com has it's own 24 hour mobile x-ray service. X-rays can be done in your home if they are needed.

When your doctor arrives at your home, he'll have access to all the medical information you provided when you registered and updated your doctor's medical history.

It's very easy to become a member of MediShare.com. The membership fee is \$10.00 per month per child. You'll have access to a doctor in your home 24/7 days a year. The price of a house call is \$200 plus any tests that are needed.

Stratos Jets Brochure & Logo

Leave the world as you found it!

Stratos Jet Charters understands that the environment in which we live is our most important resource. We believe that as good citizens of the planet, we ought to do our part to mitigate our impact on the environment by reducing greenhouse gas emissions.

The best way to reduce greenhouse gas emissions is to use less energy. But air travel is a necessary activity for business today. A two-hour flight in a Citation X burns about 600 gallons of fuel, the same amount an average person uses in a whole year of driving. We want to provide a way for our most discerning clients, to "balance" their flights emissions. For this reason Stratos Jets has partnered with terrapass.

terrapass offers individuals a convenient way to balance out their "carbon footprint". Purchasing a "carbon credit" through terrapass, allows you to directly sponsor clean energy and conservation projects. Your "carbon credits" will create a reduction in greenhouse gas emissions that, is directly proportional to the emissions created by your plane flight.
